

The worst time to arrange a funeral...

It may sound strange, but the worst time to make funeral arrangements is when a family member has just died.

We believe that family members should be spared the heavy burden of making funeral arrangements immediately after a death has occurred.

That's why we stand ready to help you plan and fund a funeral long before the need arises. You can make most of the important decisions while time pressures and emotional stress are not so overwhelming.

Call or come by to discuss funeral prearrangement...a caring thing to do for your family's peace of mind, and your own.
